MUNYON'S RHEUMATISM CURE

When Prof. Munyon says his Rheumatism Cure will cure rheumatism there isn't any guesswork about it—there isn't any false statement about it. It simply cures. It does just exactly what he says it will do. It cures more quickly than people expect. It cures without leaving any ill effects. It is a splendid stomach and nerve tonic as well as a positive cure for rheumatism.

All the Munyon remedies are just as reliable. Any druggist 25c vial. The Guide to Health is free, so is medical advice if you write to Broadway and 26th St., New York.

EASILY PROVEN.

There is Not the Slightest Necessity for Leaving Fort Wayne to Look for Proof.

The experience given below by this well-known citizen of Fort Wayne is easily proven. The proof he offers for his convictions can safely be left with the reader. It is a difficult matter to describe an aching back or any of the ills caused by disordered kidneys. How to cure the trouble is of much more importance, and the most exacting resident of Fort Wayne cannot ask for better authority on this point than that given by Mr. A. S. Booth, who lives at 70 Barr street, who says: "I had kidney trouble ever since I can remember and a backache seemed to be as much a part of me as my hands or feet. I had a hemorrhage of the kidneys, which I thought was going to end my life. I became so nervous that I could not control myself and I had great difficulty in remembering things. One day a lady friend of mine, was going to get Doan's Kidney Pills and I thought I would also try them, so I got a box at Meyer Bros. & Co.'s drug store, I began taking them and continued the treatment with the result that I steadily gained in health from the commencement, until I was better than I had been in a long time."

Doan's Kidney Pills for sale by all druggists, price 50 cents per box.

Doan's Ointment is a specific for all itching skin diseases. Piles, Eczema, Chilblains, Chafing, any irritation, and all itchiness of the skin. Gives instant relief. We mail a free sample box on application. Address Foster-Milburn Co., Buffalo, N. Y.

The assessment roll was approved for the construction of a sewer in Tam street and in the alley west of Walton avenue. The assessment roll was also approved for the paving of Thomas street. Omega Oil

Cold in the Chest

Now, see here a minute, my friend. You ought to know that you can't cure a cold in the chest, or sore throat, or shooting pains in the lungs, by swallowing medicines. The stuff you swallow goes into your stomach, and your trouble is not there at all. What you want to do is to rub your throat and chest with Omega Oil, and do it quick, too. Nature made this oil for exactly this purpose. It subdues and overcomes the inflammation and is at least a hundred times better than a sticky, itching, nasty porous plaster. Don't lose time fooling with such things, but start using Omega Oil as quickly as you can.

Tell your druggist you want Omega Oil and nothing else. If he refuses to supply you, the Omega Chest 115 to 127 Broadway, New York, will send you a bottle prepaid for 50c. in cash, money order or stamps. 761

Dr. Putt was born in Starke county, Ohio, forty-seven years ago, and when twelve years of age removed with his parents to Allen county, Ind. Here he grew to manhood and was graduated from the Fort Wayne College of Medicine, removing to Doylestown, Ohio, about fifteen years ago. Surviving are the widow and four sons. Dr. Putt was a leading member of the Knights of the Maccabees and of the M. E. church. He was for a time owner of the Doylestown Journal, and was also interested in a home telephone system.

CHILDREN SHOWED IT.

Effect of Their Warm Drink in the Morning.

"A year ago I was a wreck from coffee drinking and was on the point of giving up my position in the school room because of my excessive nervousness.

"I was telling a friend about it and she said, 'we drink nothing at meal time but Postum Food Coffee, and it is such a comfort to have something we can enjoy drinking with the children.'

"I was astonished that she would allow the children to drink any kind of coffee, but she said Postum was the most healthful drink in the world for children as well as for older ones, and that the condition of both the children and adults showed that to be a fact.

"Just a little thought convinced me that one should not take a stimulant such as coffee, but really should have the best food to nourish the brain and nerves, and that nourishment was found in Postum.

"My first trial was a failure. The cook boiled it four or five minutes and it tasted so flat that I was in despair, but determined to give it one more trial. This time we followed the directions and boiled it fifteen minutes after the boiling began. It was a decided success and I was completely won by its rich, delicious flavor. In a short time I noticed a decided improvement in my condition and kept growing better and better month after month, until now I am perfectly healthy, and do my work in the school room with ease and pleasure. I would not return to the nerve-destroying regular coffee for any money."—F. Scott, Wa[illegible]

There are expected to be some interesting "doings" by the grand jury in Chicago with reference to the "carnival of crime" and other continuous performances. The police department will be under fire and if a deep probing can disclose culpable relations between the police department and lawless elements something may be disclosed. A remarkable incident in this connection is the flight of Chief of Police Kipley just on the eve of the grand jury's investigation. He has gone to Havana for his health. Incidentally he escapes the inquisition. He ought to if he does not find a successor installed when he returns.

Verily, the world does move, albeit sometimes backward. West Virginia has a society of men known as the "Home Makers," the central tenet of whose creed is that their wives may be beaten as a last resort to make the matrons stay at home, do the cooking and take care of the children. It has a large membership in the mining regions of the state and its operations are already attracting attention. The purpose of the organization is to provide and maintain pleasant homes for its members and those dependent upon them, and as gossipy, careless wives and mothers are held by them to be the cause of a majority of the unhappy, ill-kept homes and neglected children, the society believes it is acting in the right way to use every possible means to see that their homes are not neglected. A member who corrects his wife by beating must do so only after all other means to induce her to do her duty have failed. The society pays for the defense of its members when arrested for wife-beating, and in case of conviction pays the fine.

In reply to a characteristically flippant assertion in a Boston newspaper to the effect that "the organs or attorneys of the foreign steamship interests are the real foes, and the only foes of consequence, of the republican bill for the upbuilding of our merchant marine," the Providence Journal presents a partial list of the newspapers of the country which have taken ground against that measure. Among them are such journals as the New York Times, New York Journal of Commerce, New York Evening Post, Chicago Tribune, Chicago Journal, Indianapolis Press, Philadelphia Ledger, Philadelphia Record, Boston Herald, Boston Globe, Springfield Republican, St. Louis Republic, Baltimore Sun, Atlanta Constitution, Louisville Courier-Journal, Cleveland Leader, Portland Oregonian, Washington Times and Detroit Free Press. It will be seen that they include papers of both parties, and that among the republican journals thus cited are some of the ablest and most respected in the nation. Our Providence contemporary pointedly asks whether they are to be classed as in the pay of the foreign steamship interests, or are to be regarded as papers of no consequence.

IN SEVERE MOOD

MAYOR PUTS UP THE PRICE ON WRONGDOERS.

ROWDY BEGGAR SENT TO JAIL

RAISED A DISTURBANCE IN THE PEOPLE'S STORE.

DO NOT BELIEVE IT KUHNS

POLICE SKEPTICAL THAT HE WAS IN LOGANSPORT.

The finding of money on the street yesterday had a disturbing influence upon the mayor and his sleep last night was filled with visions of $10 bills floating through the air like snowflakes and his downy couch seemed suddenly transformed into a bed of crisp treasury notes. "I'll fine you $10 and costs," he said, as he ascended the throne this morning. This remark was addressed to Frank Miller, who could not give a good account of himself. Miller had been in the People's store soliciting money from the clerks. He asked the ladies for alms and when they refused he grew insolent and abusive. The proprietor went to him and told him to leave or he would call an officer. Miller then made a few cheerful remarks unfit for publication and volunteered to "knock the proprietor's block off." Officer Dickson was called, whereupon the fellow took to his heels, but was overhauled in an alley after a short chase. He was charged with vagrancy and was in a penitent mood when facing the mayor. He said he was not a vagrant, but had been drinking a little and was not responsible for what he was doing. "The sheriff will be responsible for what you do during the next twenty-one days," said his honor.

"Ten dollars and costs for you, too," said the mayor after he had heard Officer Romy's story of the arrest of Joe Mommer. He had been raising a disturbance at the Arlington hotel this morning and the police were called. He was slated for drunkenness. He was saucy and vicious and talked back to the officers and to the mayor. He is considered a bad character and the mayor said that the next time he came before him he will hold him on a more serious charge.

DOUBT THAT IT IS KUHNS.

Superintendent of Police Gorsline received notice from Logansport officers of the attempted arrest at that place yesterday of a man supposed to be Marvin Kuhns, who shot Officer Dean several times and made his escape. The description of the horse thief tallies fairly well with that of Kuhns, but local officers give little or no credence to the story that it was him. It is not believed that Kuhns is looking for trouble nor that he has embarked in a horse-stealing enterprise on a wholesale scale. Every horse that has been stolen anywhere since Kuhns' escape from Columbus has been laid at his door and he must have been a pretty busy man to have accomplished as many jobs as he is already credited with. It is believed that Kuhns desires peace and liberty more than he craves for horses just now and he is far from being fool enough to think that he could carry on a series of depredations without again landing in the penitentiary. There seems to be a generally accepted belief that Kuhns is in the neighborhood of his old home in Noble county and it is known that he has plenty of money and has no need of taking desperate chances at this time. A great many believe also that his desire to reform is genuine and that if given an opportunity he might make a good citizen. The officers hereabouts are not worrying about him and no effort has been made to officially locate him, as it is not believed that the Ohio officials are very anxious to get him. Sheriff Stout has not yet been officially notified of his escape and there has been no reward of stimulating character offered for his recapture.

"I'm Simply all Worn Out."

The story is the same, no matter what her station in life may be.

If she is one of the favored daughters of wealth,
If she belongs even to the realm of the "well-to-do,"
Or—
If she belongs to the unnumbered thousands who must work in order to live—

The story is just the same; all suffer from about the same cause, and in this suffering "peculiar to women," all reach the same level, and all are of the same family.

When a woman is nervous and irritable, head and back ache, feels tired all the time, loses sleep and appetite, has pains in groins, bearing-down sensation, whites and irregularities, she is not "worn out," but feels as if she were.

Such symptoms tell her that a womb trouble is imminent, and she cannot act too promptly if she values her future comfort and happiness.

The experience and testimony of some of the most noted women of America go to prove, beyond a question, that Lydia E. Pinkham's Vegetable Compound will correct all such trouble at once by removing the cause and restoring the organs to a healthy and normal condition. If in doubt, write Mrs. Pinkham at Lynn, Mass., as thousands do.

MRS. KELLOGG'S STATEMENT.

"One year ago I read a letter in a paper telling how much good one woman had derived from Lydia E. Pinkham's Vegetable Compound. I had been sick all winter, and was nearly discouraged, as the medicine the doctor gave me did me no good. I had kidney complaint, leucorrhœa, itching, bearing-down feeling, and painful menstruation. I wrote to Mrs. Pinkham, describing my trouble, and soon received an answer telling me what to do. I followed her instructions and have taken nine bottles of Vegetable Compound and used one package of Sanative Wash and one box of Liver Pills. I am well now, do not have those sick spells at the monthly period, but can work all day, and that I never could do until I began taking the Compound. I cannot praise the Compound too highly.

"I do hope every suffering woman will learn of the Pinkham remedies and be cured as I have been. I wish all success to the Compound; it has done wonders for me, and I am so thankful."—Mrs. Genie Kellogg, Berlin Heights, Ohio.

$5000 REWARD

Owing to the fact that some skeptical people have from time to time questioned the genuineness of the testimonial letters we are constantly publishing, we have deposited with the National City Bank, of Lynn, Mass., $5,000, which will be paid to any person who will show that the above testimonial is not genuine, or was published before obtaining the writer's special permission. POINTS OF EXCELLENCE

A Few Reasons Which Are Rapidly Making a New Catarrh Cure Famous.

Stuart's Catarrh Tablets, the new Catarrh cure, has the following advantages over other catarrh remedies.

First: These tablets contain no cocaine, morphine or any other injurious drugs and are as safe and beneficial for children as for adults; this is an important point when it is recalled that many catarrh remedies do contain these very objectional ingredients.

Next: Being in tablet form this remedy does not deteriorate with age, or an exposure to the air as liquid preparations invariably do.

Next: The tablet form not only preserves the medicinal properties, but it is so far more convenient to carry and to use at any time that it is only a question of time when the tablet will entirely supersede liquid medicines as it has already done in the medical department of the United States army.

Next: No secret is made of the composition of Stuart's Catarrh Tablets; they contain the active principle of Eucalyptus bark, red gum blood root and Hydrastin, all harmless antiseptics which, however, are death to catarrhal germs wherever found, because they eliminate them from the blood.

Next: You can not cure catarrh by local applications to the nose and throat, because these are simply local symptoms and such treatment can not possibly reach the real seat of catarrhal disease which is the blood; for this reason, inhalers, douches, sprays and powders never really cure catarrh, but simply give temporary relief, which a dose of plain salt and water will do just as well.

Catarrh must be driven out of the system, out of the blood, by an internal remedy because an internal remedy is the only kind which can be assimilated into the blood.

Stuart's Catarrh Tablets do this better than the old form of treatment because they contain every safe specific known to modern science in the antiseptic treatment of the disease.

Next: The use of inhalers, and spraying apparatuses, besides being ineffective and disappointing is expensive, while a complete treatment of Stuart's Catarrh Tablets can be had at any drug store in the United States and Canada for 50 cents.

BRAKEMAN BOLENS HAS MIRACULOUS ESCAPE.

WAS ROLLED BY BRAKEBEAM

ESCAPED WITH FEW BRUISES AND CUTS.

ADDING TO DOUBLE TRACK

PENNSYLVANIA PUTS SIX MORE MILES IN USE.

Brakeman D. E. Bolens, of the Pennsylvania railroad, had a miraculous escape from being crushed to death at Lima, Ohio, yesterday. Mr. Bolens was making a coupling on a freight and in some manner his foot was caught and he was knocked down and rolled for several feet between the cars. He was badly bruised about the body, and his face was cut in several places. He is under the care of Dr. E. J. McOscar, the company's surgeon.

D. H. Hause, another brakeman, had a shoulder dislocated by a fall while out on the road yesterday. He will also be off duty some time on account of the accident.

MORE DOUBLE TRACK.

Six miles of double track, between Lafayette and Ada, Ohio, were put into service by the Pennsylvania company this morning. This makes fifty-two miles of double track now in service on that line between this city and Crestline, leaving seventy-nine miles of single track. It is believed that the company will have a double track the entire distance before many years. The single track stretches are between Bucyrus and Ada and Elida and Dixon.

STILL ADDING TO FORCE.

The Fort Wayne Electric company this morning increased its shop force, included in the new employes being Norman E. Olds, in the labaratory; Ed Wekmiller and Charles Alters, in Tony Miller's room; William Hibbins, in the laboratory, and Dallas Campbell, in the blacksmith shop. Mr. Wekmiller was formerly employed in the Louis Soest drug store, on South Calhoun street, and is a son of John Wekmiller, the tool room keeper at the electric works. Mr. Campbell is the son of E. C. Campbell, the elevator man at the works.

AFTER MORE MACHINERY.

General Manager J. J. Wood, of the Fort Wayne Electric company, is today making his final trip in the dismantling of the Siemens-Halske works at Chicago. He will select a few more pieces of machinery for the Fort Wayne shops and order the balance sent to the General Electric company's eastern works. Fort Wayne received the cream of the magnificent lot of up-to-date machinery at the Siemens-Halske works and that which came here represents many thousands of dollars. Some of it has ben set up and is in operation and the remainder will be set up in the new addition to the factory as soon as possible.

WILL GIVE A DANCE.

A. G. Porter lodge, Brotherhood of Locomotive Firemen, will give their midwinter ball on New Year's eve. Details have not yet been arranged, but the men having charge of the affair will be able to make a definite announcement in a few days. The balls given by the brotherhood are always pleasant events and are conducted in a manner which relieves them of all the objectionable features of public dances.

BIG DAY'S WORK.

One hundred and seventy-five cars of freight, 1,506,800 pounds, were handled at the Pittsburg freight house yesterday. This does not beat the record, but it is considered a very good day's work. There were 753½ tons of freight. Fourteen gangs of truckmen were engaged in handling it.

INJURED BY A FALL.

Henry Bickness, a blacksmith employed at the Pittsburg shops, is confined to his home by injuries received in a fall Sunday. His back was so badly sprained that he cannot get about the room without leaning upon a chair. He will probably be off duty for some days.

STOCKING COAL DOCKS.

The Nickel Plate has commenced the work of stocking its coal docks in this city. About 2,000 tons of coal will be stored in the big dock bin. This "stocking up" makes lively times at the yards for awhile, it being necessary to employ a number of extra men.

INDUSTRIAL NOTES.

Nickel Plate Brakemen L. C. Payne and E. M. Young are sick and off duty.

Mrs. C. E. Enslen, wife of the Pittsburg engineer, is visiting in Chicago.

Nickel Plate Conductors H. Overholser and J. Hessner have resumed work after a few days' absence.

Frank Crighton yesterday resumed a place in the laboratory at the electric works which he vacated some time ago.

D. J. Johnson, local freight brakeman on the Nickel Plate, has returned from Toledo, where he was visiting friends.

Nickel Plate Brakeman Joseph Hamilton has taken his gun and dog and gone to the fields of Whitley county after quail.

Engineer Michael Shea will have his son, Michael, jr., as a guest during the holidays. The young man is attending school at Chicago.

L. P. Stone has recovered from injuries received ten days ago and yesterday returned to work on the Nickel Plate. He is a brakeman.

The Packard Organ and Piano company is now employing the largest working force in its history. There are over 200 names on the factory's pay rolls and the men there are employed thirteen hours per day. The order books are well filled, having received additions from abroad lately.

Charles Wright, of the Pittsburg roundhouse, is sick and off duty.

Machinist Walter Adams, of the Bass works, is off duty on account of sickness.

G. H. B. Freeby, of the Wabash, today moved from 79 West DeWald to 395 South Calhoun street.

F. C. Meyers, assistant foreman of the Pittsburg machine shop, has recovered from his recent illness.

Martin Brown, assistant foreman of the Bass boiler shop, who was sick yesterday, was able to resume work this morning.

Patrick Cox, the plumber, and his wife and daughter are in Grand Rapids today, attending the funeral of Mr. Cox's cousin.

Master Mechanic Fitzpatrick and his clerks and stenographers are now occupying their new office, on the ground floor of the machine shop.

Louis Deck, the man who had an eye injured in the Pittsburg round house a week or ten days ago, was able to resume work this morning.

After a week's absence on account of the illness of his wife, Fireman A. Evans reported for duty on the Nickel Plate yesterday. The lady is better.

John Fisher, the machinist, celebrated his birthday today by working as usual in the Pittsburg roundhouse. He is one of the veterans in that establishment.

J. H. Cody, who was injured a month ago and later had the pleurisy, has so far recovered as to be able to return to his work in the Pittsburg planing mills this morning.

M. Shenleine, upholsterer in the Pittsburg shops, is off duty on account of private business. Fred Lenz, the springmaker, and V. Schoyer, of the planing mills, are sick and off duty.

Among the recent acquisitions to the working force in the Pittsburg machine shops are L. J. McCulloch, W. F. Howe and Harry McCullum, machinists, and Fred Hitzeman, a shop hand.

Machinist John Welden, of the Pittsburg roundhouse, suffered a painful injury to one of his knees last night and will be unable to work for a few days. He fell over a block while passing between the stalls.

The annual meeting of the heads of the sales department of the General Electric company is in progress in Schenectady, N. Y., this week. F. S. Hunting, who occupies that position with the Fort Wayne Electric company, has gone east to attend the meeting.

W. C. Kerr, Nickel Plate dispatcher, who has been ill with typhoid fever for two months, was out of the house yesterday for a few minutes for the first time since the beginning of the attack. He will soon be strong enough to come down town.

The engine which will drive the machinery in the Utility Paper company's mills at Mt. Carmel, Ill., is today being loaded on the cars at the Bass works for shipment to that town. The engine is of the Bass improved Corliss pattern, now so popular the country over.

Ed McDonald, assistant road foreman of engines of the Fort Wayne road, is lying ill at his home. For the past ten days he has been on the Hocking Valley road, getting pointers on engine construction, and was compelled to come home yesterday on account of sickness.

R. H. Laumann, car builder; B. M. Spore, car repairer, and A. P. Burchard, machine operator, of the Pittsburg shops, are sick and off duty.

Conductors J. M. Wells and J. A. House and Brakemen R. Kremer and J. C. Miller have returned to their duties on the Nickel Plate after a few days' absence.

Theodore Titus, the well-known Pittsburg engineer, is not making much progress towards complete recovery and is still unable to work. On August 28 Mr. Titus was overcome by heat while in his cab and has been in poor health ever since.

H. H. Moses, a machinist who came here a short time ago to work in the Wabash shops, resigned that position at noon today. He received word from his former employer in Auburn that he could have steady employment in that city if he would return there, and he has gone. Mr. Moses' family resides in Auburn.

Capt. H. M. Deihl is preparing to embark upon an "educational" tour with the Pennsylvania air-brake car. He is in Denver, Col., investigating air-brake methods on the lines there and will return here in two weeks. By that time the instruction car, which is in the shops undergoing repairs, will be ready for business.

Purchasing Agent Frank Brown, of the Pittsburg, who had been hunting with Vice President Joseph Woods in the southern part of the state, has returned home. He says the hunting party had good sport and found game quite plentiful. Mr. Brown is now looking for his old hunting dog, which disappeared from his home last Sunday. Mr. Brown thinks that the dog is forcibly held by somebody, else he would return to his home.

A fruitful slaughter of quail is today in progress in the vicinity of Larwill, Ind., and it will be a fruitless hunt for those who go in search of game thereabouts after today. The hunters are Frank Dobler, called for Pittsburg engine crews, and W. A Locs, a fireman on that road. They went to Larwill this morning on 37, accompanied by a couple of trained dogs, guns and 300 rounds of ammunition each. No. 38 this evening will have a special baggage car to bring home their game.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

About Your Winter Suit.

It takes courage for a man who has always patronized the exclusive tailor to purchase a ready to wear suit. With many it is a case of pride, with many others it is due to their ignorance of the wonderful advancement manufacturers have made within the past few years. We are especially anxious to have those who have heretofore worn custom made garments see the suits we are selling at the prices mentioned below. All the qualities that you pay the tailor for are here. We don't ask you to leave your tailor solely for the sake of saving money; we don't want you to wear any less stylish clothes than you have been wearing; our proposition is to give you the same at about half his price. A guarantee of satisfaction goes with every sale. Of course as prices advance, the added dollars bring added fineness in fabrics, trimmings and hand work. Our prices start at

$5 Strictly all wool, absolutely free of filling or shoddy, good weight, well tailored, in large variety of patterns.

$7 Fancy and plain Cassimeres, in finished Serges, Clays and other equally popular weaves.

$9 Worsteds, Cassimeres, Clays, Scotch Tweeds, Serges, Wales, Vicunas, etc.

$10 Fine Cassimeres in smooth effects, Clay Worsteds, Serges, in great variety, finished and unfinished, narrow and broad Wales.

$12 Fancy English Worsteds, Scotch Tweeds, Black Clays, unfinished Worsteds, etc.

$15 Made of English and other foreign goods, Thibets, unfinished Worsteds of the very finest weaves.

It would please us exceddingly to have you favor us with a call before buying your Winter Suit.

The Weather Man

Says rain and snow, much colder and freezing—just a melee of all sorts of weather. But never mind, we've been expecting just such conditions and have made ample provision for your comfort and appearance. There are

Overcoats.

That'll knock out old winter, but spare your pocketbook. That is one great feature about this store. Your pocketbook's always safe from fakes. You're sure of best goods, new goods, dependable, satisfactory clothing, and the more you investigate and compare the more our money-saving prices stand out in your favor. Men's Overcoats, strictly all wool.

Now, where's the man that can't be satisfied here? This is a safe store to tie to.

VON WALDERSEE EXPLAINS CHAFFEE'S OFFENSE.

HAD WRITTEN BRUSQUE NOTE

PROTESTING AGAINST THE PILLAGING IN PEKIN.

HIT LATE COMERS TOO HARD

AND THAT STRUCK VON WALDERSEE'S SORE SPOT.

Berlin, Dec. 11.—2 p. m.—The German foreign office authorizes the Associated Press to make the following statement regarding the Waldersee-Chaffee incident, based upon a cable dispatch just received from Filed Marshal Von Waldersee:

"General Chaffee wrote Field Marshal Von Waldersee a letter in a rough tone. Filed Marshal Von Waldersee refused to receive it, returning the same to General Chaffee. The latter then wrote a second letter apologizing for his objectionable expressions, whereupon Field Marshal Von Waldersee invited General Chaffee to breakfast and the incident was amicably closed."

THE CHINESE CREDENTIALS.

Pekin, Dec. 11.—The ministers met today to consider the matter of the credentials of the Chinese plenipotentiaries. There is every prospect that definite steps will be taken for the arrangement of a preliminary settlement within a measurable distance, and this greatly relieves those woh realized the danger of prolonged delay in opening negotiations.

Some of the ministers stated that they were authorized to treat with Li Hung Chang and Prince Ching as representatives of China, while others, including the German minister, had not received instructions in the matter.

All decided, however, that as soon as Sir Ernest Mason Satow, the British minister, shall receive word to agree to the joint note they will commence negotiations with Li Hung Chang and Prince Ching unless otherwise instructed by their home governments.

Count Von Waldersee has turned over $63,000 as the British share of the result of the Pao Ting Fu expedition to General Gazellee, who, in turn, gave the money to Minister Satow to be used for the benefit of Chinese who may need help during the winter.

Li Hung Chang visited General Chaffee today. He says that his powers to negotiate with the foreign envoys though, conferred by telegraph, are absolute and complete.

At the meeting of the provisional government held today, the United States was represented by Captain Dodds, of the Ninth infantry. All of the governments have entered into the plan except France, whose representatives insist that the French territory shall be excluded from the rule of the commission appointed. A number of sub-committees were appointed.

Several high Chinese officials, on being asked, expressed a desire to assist. Though army officers have been appointed members of the commission, it is the desire of the generals to make the rule civil as far as possible.

Japan was placed on the charity committee on account of the amount of rice she commandeered in August, most of which she has now.

IT WAS A HOT SHOT.

Washington, Dec. 11.—The war department has received a report from General Chaffee of the incident that occurred at Pekin in connection with his representations to Field Marshal Von Waldersee.

It appears that General Chaffee did use some pretty vigorous language in protesting against the thieving and looting of the foreign troops. What particularly hurt the feeling of Waldersee was a pointed reference by General Chaffee to the fact that this disgraceful and unmilitary practice of looting was being indulged in, not by men who did the fighting and opened the way to Pekin, but by the late comers, who had borne none of the brunt of conflict and hardships.

Waldersee himself did not reach Pekin until long after the expeditionary force had occupied the town.

It is recognized here officially that General Chaffee had provocation for his deliverance, but regret is felt that he used this tone in addressing the field marshal.

It is significantly pointed out here that perhaps it was not incumbent upon General Chaffee to make any representations whatever on this subject to the field marshal, as there is no longer any official tie between them. When the United States government changed the character of its military representation in Pekin from an expeditionary force to a mere legation guard, of course that guard no longer came under the control of the commander-in-chief at Pekin, but was simply a part of Minister Conger's official household.

GOOD SKATING TODAY.

The extreme cold weather of the past few days has covered the various small lakes about the city with a coating of ice, and the rising generation, duly cognizant of the fact, has taken advantage of the opportunity, and today a large number of the younger folks are enjoying the fun. The rivers in many places are frozen over, but the ice is not strong enough to skate upon.

FORESTRY TO BE HIS THEME

STATE SECRETARY TO ADDRESS COMMERCIAL CLUB.

Six Auditorium Committees Will Report Plans on Thursday Evening—Other Features.

Thursday evening the Fort Wayne Commercial club will hold its regular monthly meeting, and among its features will be a brief address by John P. Brown, of Connersville, who is secretary of the State Forestry association, and who is touring the state in an effort to influence legislation for the formation of a forestry commission.

AUDITORIUM PLANS.

Six committees, which have been working independently and each without even a knowledge of the membership of the others, will present their recommendations as to the best plans for securing the erection of a large auditorium building in the city. The committees are as follows:

1. Ben Lehman, Fred C. Boltz, R. O. Rankin.
2. Joe W. Bell, John B. Renz, Charles S. Bash.
3. S. B. Fleming, R. H. Carnahan, J. B. Monning.
4. John Mohr, F. L. Smock, Frank Falker.
5. T. F. Thieme, E. M. Wilson, M. V. Walsh.
6. R. W. T. DeWald, E. F. Yarnelle, C. E. Moellering.

There will be a general discussion of the suggestions as to size, location, cost and method of raising funds for the project, and it is believed from the variety of plans suggested, some mode of proceedure may be adopted which will secure the erection of the auditorium. A smoker will follow the regular business session.

NEW RULING ENFORCED.

The first application of the rule adopted at the late Northern Indiana M. E. conference against ministers of the denomination uniting in matrimony divorced persons, unless the divorce was given on scriptural grounds, was given in Peru Saturday, when Rev. Dr. Perry E. Powell, pastor of the M. E. church, declined to perform a ceremony to join in wedlock Marshall Miller and Lucy E. Workings. Both had been divorced, hence the minister's defusal to tie the knot, notwithstanding a $5 bill was waved before his worldly eyes. The parties called on Rev. Harry Nyce, of the Presbyterian church, and he also declined to officiate on the same grounds.

LEGAL TO PUMP GAS.

Indianapolis, Ind., Dec. 11.—(Special.)—The supreme court today affirmed another of the gas cases from Grant county. The case was that of the Manufacturers' company vs. the Indiana Natural Gas company, and the decision is in effect that the transportation of gas at high pressure by pumps is legal where the gas is allowed to blow naturally from the wells and force is used only to transport it to other places. In such cases the Gas company cannot be enjoined unless the plaintiff can show some personal damage to property.

RIPPLE'S CASE UP

UNITED STATES COURT IN DECEMBER SESSION.

BLUFFTON CASES ARE FIRST

VERY BAD $10 BILL CAUSED ALL THE TROUBLE.

DOWDEN'S CASE DISMISSED

TERM PROMISES TO BE A VERY BUSY ONE.

The December term of the United States circuit and district courts convened in this city this morning, with Hon. John H. Baker presiding, and a full complement of officials and attorneys present. These include Noble C. Butler, the clerk of the court, and Thomas J. Logan, deputy; S. E. Kercheval, the United States marshal, with J. E. Foley and E. O. Rose, his deputies; Albert W. Wishard, the United States attorney, with his deputy, J. J. M. Lafollette, and chief clerk, C. W. Nichols, together with Capt. T. E. Halls, government secret service agent.

At the opening of court this morning John A Scott, Walter C. Smith and Louis Gribbon were appointed bailiffs for the term.

Frank H. Kleekamp, of this city, and William H. Compton, of Coldwater, Mich., were admitted to practice before the court. Mr. Kleekamp held certificates of his admission in Michigan in 1893 and he was duly accorded the privilege of practice in the district of Indiana.

The cases of Carl Zipernowski et al. vs. Fort Wayne Electric company, George S. Eldred vs. Star Electric company, Edwin F. Stein vs. city of Fort Wayne, Herbert H. Thorpe et al. vs. Michael Frash et al., and the Consolidated Store Service company vs. James Foley, were continued.

CASE IS DISMISSED.

Delbert Dowden, of this city, had been indicted for sending improper matter through the mails and the principal witness against him at the preliminary hearing was a New Haven girl. When the case was called this morning the district attorney arose and stated that it had been shown to him that the defendant in the case and the principal witness for the government had recently married and he had no desire to continue the prosecution of the action. The case was accordingly dismissed.

The case of the United States vs. Edward L. Shell and W. S. Compton was nollied.

THE BLUFFTON CASES.

The first case to go before the jury was the action against Sherman Ripple, a saloonkeeper at Bluffton, who is charged with having passed a $1 bill which had been "rised" to a note of the ten-dollar denomination. The defendant is represented by Eichhorn & Sturgis, of Bluffton, and Breen & Morris, of this city, and a large number of witnesses from Bluffton were examined. Ripple took the witness stand in his own behalf just before noon and testified that he had taken what he supposed was a good bill to the business house of Studebaker, Sale & Co. to have it exchanged for coin of small denominations, and that when told the bill was "bad" he had at once taken it to his home and destroyed it. He positively denied that either of several spurious bills produced in court by the district attorney was the bill in question, and that he had nothing to do with handling any other counterfeit money.

The case was resumed when court convened at 1:30 this afternoon and a verdict is expected before evening. Two other cases, those of Henry Lewin and Allen E. Oldfather, of a similar character, will be next taken up. Two full juries are present and as rapidly as a case is given to one of them another case is taken up before the second jury.

LIST OF THE JURORS.

The jurors for the term have been drawn from all over the northern part of the state and the complete list is as follows: Ludwig Welsheimer, of Lake township; Emmet Lefavor, of Geneva; G. N. Henderson, of Montpelier; John A. Newbauer, of Hartford City; Stewart Lippman, of Huntington; Robert B. Scott, of Larwill; Samuel D. Anglin, of Warsaw; Earl E. Gaskill, of Burkett; T. M. Cunningham, of Larwill; G. W. Lamler, of Plymouth; J. W. Ranter, of Dillman; James J. Lash, of Albion; Henry C. Pressler, of Albion; Charles Becker, of Fulton; James S. Emrick, Poe; Isaac Brandenburger, Angola; Hiram Sweet, Hamilton; Fremont Folck, Angola, and John H. Thompson, Warren.

D. B. HILL FOR PRESIDENCY

BOOM STARTED FOR THE NEW YORK LEADER.

James K. McGuire Says That in Certain Contingencies Hill Will Be a Candidate.

Chicago, Dec. 11.—The Chronicle says:

"David Benne Hill, ex-governor of New York and former United States senator, is to be a prominent candidate for the presidency on the democratic ticket in 1904. A declaration that is equivalent to a personal announcement by the New York man was made last night by James K. McGuire. Mr. Hill's political lieutenant, mayor of Syracuse, and chairman of the executive committee of the New York state organization. Mr. McGuire arrived in Chicago yesterday afternoon from the east. He came on private business exclusively and insisted that his visit was absolutely devoid of any political significance whatsoever. He is registered at the Palmer house, where he was visited by a number of the local party leaders, but whether the New Yorker mentioned the Hill boom or not is unknown.

"'If the republican foreign policies, so far as the Philippines, Porto Rico and Cuba are concerned, shall fail absolutely or in part within the next four years,' said Mr. McGuire, 'and the democrats of the country want a man, able, safe, conservative and eminently fitted for the task to solve the existing questions, that man will undoubtedly be David Bennett Hill.'"

LIKE VON BUELOW'S SPEECH.

Berlin, Dec. 11.—The morning papers discuss rather favorably the speech in the reichstag of Count Von Buelow, the imperial chancellor, in reply to a question on the subject of Mr. Kruger's failure to be received by Emperor William; but they complain that he did not indicate his international policy. The National Zietung, despite its sympathy for the Boers, says the German people will approve Count Von Buelow's outlined Boer policy. The Tageblatte says Count Von Buelow did not answer the question why it was necessary to affront Mr. Kruger, even admitting that Germany could not help him. The Vossiche Zietung says the chancellor furnished documentary proof that Germany, with Holland, had repeatedly warned and advised Mr. Kruger, who had paid no heed to them.

SNEERS AT BOER SYMPATHY.

Christiana, Dec. 11.—Henrik Ibsen, the author in the Orebladet, reiterates the statements he previously made against the Boers, claiming that they formerly oppressed weaker peoples. He says he thinks the Boer sympathy manifested in so many countries is unwarranted and rather ridiculous.

AN ELECTRICIAN RESIGNS.

Joe Baxter, who for several years has been chief electrician for the National Telephone and Telegraph company, has tendered his resignation and will leave in a few days for Chicago to take a more lucrative position with the Western Telephone Construction company.

THINK IT IS KUHNS

LOGANSPORT OFFICERS HAVE FIGHT WITH BANDIT.

OFFICER DEAN IS WOUNDED

BANDIT ESCAPES AFTER A RUNNING BATTLE.

STOLE A TEAM FROM WARSAW

LOGANSPORT DESPERADO IS OF KUHNS' DESCRIPTION.

Logansport, Ind., Dec. 11.—Chief of Police James Foley and Patrolmen Barney Burch, Dick Costello, Ben Dean and George Graham, pursued a desperado for six miles last evening, shooting at him at every opportunity. The man, who is believed to be Marvin Kuhns, the escaped convict, returned the fire at intervals with two revolvers. Dean pushed him closely, and finally the fugitive turned, and, walking toward Dean, who had no more ammunition, warned him that he would kill him. The officer advanced, sprung at the man and caught him by the wrist, whereupon the fugitive placed a weapon against Dean's breast and fired. The wounded officer fell, and while his brother officers were caring for him the desperado gained a good lead.

WARNS PURSUERS.

Both pursued and pursuers had run nearly five miles and were almost exhausted. The officers had only one round of extra ammunition, and when they ran out of lead they dared not approach too close, being repeatedly warned by the man that he would not be taken alive and that he would kill every person who attempted to arrest him.

When six miles east of town Costello borrowed a shotgun at a farmhouse and fired twice, but the shot was so small that it produced no effect further than to enrage the runaway so that he turned and gave the pursuing party another fusillade. It became dark and the man disappeared from view. The policemen returned to town with Dean, who is dangerously wounded. The bullet struck him over the heart.

POSSE TAKES UP THE CHASE.

At 7 o'clock a posse of officers and citizens armed with shotguns and revolvers started out to find the fugitive. It is thought he cannot escape, as the towns have been warned for miles around. The members of the posse threaten to riddle the man with bullets.

STOLE A TEAM OF HORSES.

Marvin Kuhns escaped from the penitentiary at Columbus, Ohio, Thanksgiving day and reported a few days ago as being at his brother's home near Albion, Ind. Captain Somers, of the Panhandle police, who has seen Kuhns, says he answers the description of the man who shot Policeman Dean. The man arrived here yesterday morning with a team stolen at Warsaw near the place where Kuhns went on escaping from the penitentiary. He stabled the horses and late yesterday afternoon Detective Silas Morgan saw him at a feedyard. Two officers were detailed to arrest the man. When he saw the policemen approaching he took to his heels, closely pursued. The long chase and the shooting followed. Kuhns was under sentence for murder.

When the inaugural procession reached the state capital the oath of office was administered to the governor by Chief Justice Hazelrigg, in the presence of a large crowd. The governor then reviewed the state troops and delivered his inaugural address.

EASILY PROVEN.

There Is Not the Slightest Necessity for Leaving Fort Wayne to Look for Proof.

The experience given below by this well-known citizen of Fort Wayne is easily proven. The proof he offers for his convictions can safely be left with the reader. It is a difficult matter to describe an aching back or any of the ills caused by disordered kidneys. How to cure the trouble is of much more importance, and the most exacting resident of Fort Wayne cannot ask for better authority on this point than that given by Mr. A. S. Booth, who lives at 70 Lare street, who says: "I had kidney trouble ever since I can remember and a backache seemed to be as much a part of me as my hands or feet. I had a hemorrhage of the kidneys, which I thought was going to end my life. I became so nervous that I could not control myself and I had great difficulty in remembering things. One day a lady friend of mine, was going to get Doan's Kidney Pills and I thought I would also try them, so I got a box at Meyer Bros. & Co.'s drug store, I began taking them and continued the treatment with the result that I steadily gained in health from the commencement, until I was better than I had been in a long time."

The International Journal of Surgery has commenced suit against E. P. and Carrie B. Banning; demand, $100.

THE MINOR COURTS.

Before Taney—Frank Sommers, for assault and battery upon Mrs. Kilpatrick, was fined $5 and costs upon a plea of guilty. It was paid.

Before France—John Dingman, of New Haven, started something at that burg last Saturday and now he is in trouble. George Krock, the marshal of New Haven, has filed an affidavit against him charging him with assault and battery on John Smith and another charging him with carrying concealed weapons. Constable Ford went to the suburb this morning to make the arrest and the trial will be held as soon as the prisoner is brought into court.

Before Huser—A warrant has been issued for the arrest of a party, name not given, for wife desertion.

Last evening Justice Huser united Chauncey LaBue and Laura Pettit in the holy bonds of wedlock. When the justice kissed the bride the clerks in the court house thought the boilers had blown up at the power house.

PUBLIC IMPROVEMENTS.

At the board of works meeting held yesterday afternoon little business of importance was transacted. A petition for paving Masterson street, from Calhoun street to Lafayette street, was received and placed on file. The Home Telephone company was granted permission to lay a conduit in the alley between Wayne and Washington streets, from the market space to Lafayette street. The assessment roll was approved for the construction of a sewer in Tom street and in the alley west of Walton avenue. The assessment roll was also approved for the paving of Thomas street. The road on December 20 at the date on which remonstrants against this work will be heard. The city civil engineer was instructed to prepare a plat for the widening of Taylor street, from the right-of-way of the Wabash railway to Broadway.

The hardware store of H. Pfeiffer & Son will be open every evening until January 1st. 1215

Omega Oil

Cold in the Chest

Now, see here a minute, my friend. You ought to know that you can't cure a cold in the chest, or sore throat, or shooting pains in the lungs, by swallowing medicines. The stuff you swallow goes into your stomach, and your trouble is not there at all. What you want to do is to rub your throat and chest with Omega Oil, and do it quick, too. Nature made this oil for exactly this purpose. It subdues and overcomes the inflammation and is at least a hundred times better than a sticky, itching, nasty porous plaster. Don't lose time fooling with such things, but start using Omega Oil as quickly as you can.

DR. B. F. PUTT DEAD.

Dr. B. F. Putt, a son of Mr. and Mrs. John Putt, of this county, died suddenly Monday night, December 3, at his home in Doylestown, Ohio. Dr. Putt was heard to arise during the night, walked across the room and sank into his chair. Death ensued before medical aid could reach him. Dr. Putt was born in Starke county, Ohio, forty-seven years ago, and when twelve years of age removed with his parents to Allen county, Ind. Here he grew to manhood and was graduated from the Fort Wayne College of Medicine, removing to Doylestown, Ohio, about fifteen years ago. Surviving are the widow and four sons. Dr. Putt was a leading member of the Knights of the Maccabees and of the M. E. church. He was for a time owner of the Doylestown Journal, and was also interested in a home telephone system.

CHILDREN SHOWED IT.

Effect of Their Warm Drink in the Morning.

"A year ago I was a wreck from coffee drinking and was on the point of giving up my position in the school room because of my extreme nervousness.

"I was telling a friend about it and she said, 'we drink nothing at meal time but Postum Food Coffee, and it is such a comfort to have something we can enjoy drinking with the children.'

"I was astonished that she would allow the children to drink any kind of coffee, but she said Postum was the most healthful drink in the world for children as well as for older ones and that the condition of both the children and adults showed that to be a fact.

"Just a little thought convinced me that one should not take a stimulant such as Coffee, but really should have the best food to nourish the brain and nerves, and that nourishment was found in Postum.

"My first trial was a failure. The cook boiled it four or five minutes and it tasted so flat that I was to despair, but determined to give it one more trial. This time we followed the directions and boiled it fifteen minutes after the boiling began. It was a decided success and I was completely won by its rich, delicious flavor. In a short time I noticed a decided improvement in my condition and kept growing better and better month after month, until now I am perfectly healthy, and do my work in the school room with ease and pleasure. I would not return to the nerve-destroying regular coffee for any money."—E. Scott, Wash.

Kipling says men may be as intemperate in the use of water as in the use of any other drink. Very true. But it still is true that very few are.

"Oom Paul" would do better to quit his canvassing of European courts in search of intervention and leave the whole matter to De Wet, who has made more progress disgusting Britons with the war than a pair of kings could make.

There is one little corner of the earth to which the Standard Oil company is not likely to be able to read its title clear. The Roumanian government has broken off negotiations with the American monopoly for a lease of the petroleum fields in that country.

In looking about for a place to make your Christmas purchases it is well to remember that the man who advertises displays confidence in the merit of what he has to offer to shoppers. And don't neglect to read holiday advertisements. If you are perplexed to invent Christmas ideas you will find a world of suggestions in the advertising columns of The Sentinel covering the whole range of giftgiving. It is really and easily possible to make up a high-class Christmas inventory from the holiday announcements of our merchants. Consult the advertisements. It will save you time, money and temper.

There are expected to be some interesting "doings" by the grand jury in Chicago with reference to the "carnival of crime" and other continuous performances. The police department will be under fire and if a deep probing can disclose culpable relations between the police department and lawless elements something may be disclosed. A remarkable incident in this connection is the flight of Chief of Police Kipley just on the eve of the grand jury's investigation. He has gone to Havana for his health. Incidentally he escapes the inquisition. He ought to if he does not find a successor installed when he returns.

Verily, the world does move, albeit sometimes backward. West Virginia has a society of men known as the "Home Makers," the central tenet of whose creed is that their wives may be beaten as a last resort to make the matrons stay at home, do the cooking and take care of the children. It has a large membership in the mining regions of the state and its operations are already attracting attention. The purpose of the organization is to provide and maintain pleasant homes for its members and those dependent upon them, and as gossipy, careless wives and mothers are held by them to be the cause of a majority of the unhappy, ill-kept homes and neglected children, the society believes its methods are right. It uses every possible means to see that their homes are not neglected. A member who corrects his wife by beating must do so only after all other means to induce her to do her duty have failed. The society pays for the defense of its members when arrested for wife-beating, and in case of conviction pays the fine.

In reply to a characteristically flippant assertion in a Boston newspaper to the effect that "the organs or attorneys of the foreign steamship interests are the real foes, and the only foes of consequence, of the republican bill for the upbuilding of our merchant marine," the Providence Journal presents a partial list of the newspapers of the country which have taken ground against that measure. Among them are such journals as the New York Times, New York Journal of Commerce, New York Evening Post, Chicago Tribune, Chicago Journal, Indianapolis Press, Philadelphia Ledger, Philadelphia Record, Boston Herald, Boston Globe, Springfield Republican, St. Louis Republic, Baltimore Sun, Atlanta Constitution, Louisville Courier-Journal, Cleveland Leader, Portland Oregonian, Washington Times and Detroit Free Press. It will be seen that they include papers of both parties, and that among the republican journals thus cited are some of the ablest and most respected in the nation. Our Providence contemporary pointedly asks whether they are to be classed as in the pay of the foreign steamship interests, or are to be regarded as papers of no consequence.

IN SEVERE MOOD

MAYOR PUTS UP THE PRICE ON WRONGDOERS.

ROWDY BEGGAR SENT TO JAIL

RAISED A DISTURBANCE IN THE PEOPLE'S STORE.

DO NOT BELIEVE IT KUHNS

POLICE SKEPTICAL THAT HE WAS IN LOGANSPORT.

The finding of money on the street yesterday had a disturbing influence upon the mayor and his sleep last night was filled with visions of $10 bills floating through the air like snowflakes and his downy couch seemed suddenly transformed into a bed of crisp treasury notes. "I'll fine you $10 and costs," he said, as he ascended the throne this morning. This remark was addressed to Frank Miller, who could not give a good account of himself. Miller had been in the People's store soliciting money from the clerks. He asked the ladies for alms and when they refused he grew insolent and abusive. The proprietor went to him and told him to leave or he would call an officer. Miller then made a few cheerful remarks unfit for publication and volunteered to "knock the proprietor's block off." Officer Dickson was called, whereupon the fellow took to his heels, but was overhauled in an alley after a short chase. He was charged with vagrancy and was in a penitent mood when facing the mayor. He said he was not a vagrant, but had been drinking a little and was not responsible for what he was doing. "The sheriff will be responsible for what you do during the next twenty-one days," said his honor.

"Ten dollars and costs for you, too," said the mayor after he had heard Officer Romy's story of the arrest of Joe Mommer. He had been raising a disturbance at the Arlington hotel this morning and the police were called. He was slated for drunkenness. He was saucy and vicious and talked back to the officers and to the mayor. He is considered a bad character and the mayor said that the next time he came before him he will hold him on a more serious charge.

DOUBT THAT IT IS KUHNS.

Superintendent of Police Goraline received notice from Logansport officers of the attempted arrest at that place yesterday of a man supposed to be Marvin Kuhns, who shot Officer Dean several times and made his escape. The description of the horse thief tallies fairly well with that of Kuhns, but local officers give little or no credence to the story that it was him. It is not believed that Kuhns is looking for trouble nor that he has embarked in a horse-stealing enterprise on a wholesale scale. Every horse that has been stolen anywhere since Kuhns' escape from Columbus has been laid at his door and he must have been a pretty busy man to have accomplished as many jobs as he is already credited with. It is believed that Kuhns desires peace and liberty more than he craves for horses just now and he is far from being fool enough to think that he could carry on a series of depredations without again landing in the penitentiary. There seems to be a generally accepted belief that Kuhns is in the neighborhood of his old home in Noble county and it is known that he has plenty of money and has no need of taking desperate chances at this time. A great many believe also that his desire to reform is genuine and that if given an opportunity he might make a good citizen. The officers hereabouts are not worrying about him and no effort has been made to officially locate him, as it is not believed that the Ohio officials are very anxious to get him. Sheriff Stout has not yet been officially notified of his escape and there has been no reward of stimulating character offered for his recapture.

"I'm Simply all Worn Out."

The story is the same, no matter what her station in life may be.

If she is one of the favored daughters of wealth,
If she belongs even to the realm of the "well-to-do,"
Or—
If she belongs to the unnumbered thousands who **must** work in order to live—

The story is just the same; **all suffer from about the same cause,** and in this suffering "peculiar to women," all reach the same level, and all are of the same family.

When a woman is nervous and irritable, head and back ache, feels tired all the time, loses sleep and appetite, has pains in groins, bearing-down sensation, whites and irregularities, she is not "worn out," but feels as if she were.

Such symptoms tell her that a womb trouble is imminent, and she cannot act too promptly if she values her future comfort and happiness.

The experience and testimony of some of the most noted women of America go to prove, beyond a question, that **Lydia E. Pinkham's Vegetable Compound** will correct all such trouble at once by removing the cause and restoring the organs to a healthy and normal condition. If in doubt, write Mrs. Pinkham at Lynn, Mass., as thousands do.

MRS. KELLOGG'S STATEMENT.

"One year ago I read a letter in a paper telling how much good one woman had derived from **Lydia E. Pinkham's Vegetable Compound.** I had been sick all winter, and was nearly discouraged, as the medicine the doctor gave me did me no good. I had kidney complaint, leucorrhœa, itching, bearing-down feeling, and painful menstruation. I wrote to Mrs. Pinkham, describing my trouble, and soon received an answer telling me what to do. I followed her instructions and have taken nine bottles of Vegetable Compound and used one package of Sanative Wash and one box of Liver Pills. I am well now, do not have those sick spells at the monthly period, but can work all day, and that I never could do until I began taking the Compound. I cannot praise the Compound too highly.

"I do hope every suffering woman will learn of the Pinkham remedies and be cured as I have been. I wish all success to the Compound; it has done wonders for me, and I am so thankful."—Mrs. GENIE KELLOGG, Barber Heights, Ohio.

POINTS OF EXCELLENCE

A Few Reasons Which Are Rapidly Making a New Catarrh Cure Famous.

Stuart's Catarrh Tablets, the new Catarrh cure, has the following advantages over other catarrh remedies.

First: These tablets contain no cocaine, morphine or any other injurious drugs and are as safe and beneficial for children as for adults; this is an important point when it is recalled that many catarrh remedies do contain these very objectional ingredients.

Next: Being in tablet form this remedy does not deteriorate with age, or an exposure to the air as liquid preparations invariably do.

Next: The tablet form not only preserves the medicinal properties, but it is so far more convenient to carry and to use at any time that it is only a question of time when the tablet will entirely supersede liquid medicines as it has already done in the medical department of the United States army.

Next: No secret is made of the composition of Stuart's Catarrh Tablets; they contain the active principle of Eucalyptus bark, red gum blood root and Hydrastin, all harmless antiseptics which, however, are death to catarrhal germs wherever found, because they eliminate them from the blood.

Next: You can not cure catarrh by local applications to the nose and throat, because these are simply local symptoms and such treatment can not possibly reach the real seat of catarrhal disease which is the blood; for this reason, inhalers, douches, sprays and powders never really cure catarrh, but simply give temporary relief, which a dose of plain salt and water will do just as well.

Catarrh must be driven out of the system, out of the blood, by an internal remedy because an internal remedy is the only kind which can be assimilated into the blood.

Stuart's Catarrh Tablets do this better than the old form of treatment because they contain every safe specific known to modern science in the antiseptic treatment of the disease.

Next: The use of inhalers, and carrying apparatuses, besides being ineffective and disappointing is expensive, while a complete treatment of Stuart's Catarrh Tablets can be had at any drug store in the United States and Canada for 50 cents.

BRAKEMAN BOLENS HAS MIRACULOUS ESCAPE.

WAS ROLLED BY BRAKEBEAM

ESCAPED WITH FEW BRUISES AND CUTS.

ADDING TO DOUBLE TRACK

PENNSYLVANIA PUTS SIX MORE MILES IN USE.

Brakeman D. E. Bolens, of the Pennsylvania railroad, had a miraculous escape from being crushed to death at Lima, Ohio, yesterday. Mr. Bolens was making a coupling on a freight and in some manner his foot was caught and he was knocked down and rolled for several feet between the cars. He was badly bruised about the body, and his face was cut in several places. He is under the care of Dr. E. J. McOscar, the company's surgeon.

D. H. Haute, another brakeman, had a shoulder dislocated by a fall while out on the road yesterday. He will also be off duty some time on account of the accident.

MORE DOUBLE TRACK.

Six miles of double track, between Lafayette and Ada, Ohio, were put into service by the Pennsylvania company this morning. This makes fifty-two miles of double track now in service on that line between this city and Crestline, leaving seventy-nine miles of single track. It is believed that the company will have a double track the entire distance before many years. The single track stretches are between Bucyrus and Ada and Elida and Dixon.

STILL ADDING TO FORCE.

The Fort Wayne Electric company this morning increased its shop force, included in the new employes being Norman E. Olds, in the laboratory; Ed Wekmiller and Charles Altera, in Tony Miller's room; William Hibbins, in the laboratory, and Dallas Campbell, in the blacksmith shop. Mr. Wekmiller was formerly employed in the Louis Sceat drug store, on South Calhoun street, and is a son of John Wekmiller, the tool room keeper at the electric works. Mr. Campbell is the son of E. C. Campbell, the elevator man at the works.

AFTER MORE MACHINERY.

General Manager J. J. Wood, of the Fort Wayne Electric company, is today making his final trip in the dismantling of the Siemens-Halske works at Chicago. He will select a few more pieces of machinery for the Fort Wayne shops and order the balance sent to the General Electric company's eastern works. Fort Wayne received the cream of the magnificent lot of up-to-date machinery at the Siemens-Halske works and that which came here represents many thousands of dollars. Some of it has ben set up and is in operation and the remainder will be set up in the new addition to the factory as soon as possible.

WILL GIVE A DANCE.

A. G. Porter lodge, Brotherhood of Locomotive Firemen, will give their midwinter ball on New Year's eve. Details have not yet been arranged, but the men having charge of the affair will be able to make a definite announcement in a few days. The balls given by the brotherhood are always pleasant events and are conducted in a manner which relieves them of all the objectionable features of public dances.

BIG DAY'S WORK.

One hundred and seventy-five cars of freight, 1,506,800 pounds, were handled at the Pittsburg freight house yesterday. This does not beat the record, but it is considered a very good day's work. There were 753½ tons of freight. Fourteen gangs of truckmen were engaged in handling it.

INJURED BY A FALL.

Henry Bickness, a blacksmith employed at the Pittsburg shops, is confined to his home by injuries received in a fall Sunday. His back was so badly sprained that he cannot get about the room without leaning upon a chair. He will probably be off duty for some days.

STOCKING COAL DOCKS.

The Nickel Plate has commenced the work of stocking its coal docks in this city. About 2,000 tons of coal will be stored in the big dock bin. This "stocking up" makes lively times at the yards for awhile, it being necessary to employ a number of extra men.

INDUSTRIAL NOTES.

Nickel Plate Brakemen L. C. Payne and E. M. Young are sick and off duty.

Mrs. C. E. Euslen, wife of the Pittsburg engineer, is visiting in Chicago.

Nickel Plate Conductors H. Overholser and J. Hessner have resumed work after a few days' absence.

Frank Crighton yesterday resumed a place in the laboratory at the electric works which he vacated some time ago.

D. J. Johnson, local freight brakeman on the Nickel Plate, has returned from Toledo, where he was visiting friends.

Nickel Plate Brakeman Joseph Hamilton has taken his gun and dog and gone to the fields of Whitley county after quail.

Engineer Michael Shea will have his son, Michael, jr., as a guest during the holidays. The young man is attending school at Chicago.

L. P. Stone has recovered from injuries received ten days ago and yesterday returned to work on the Nickel Plate. He is a brakeman.

The Packard Organ and Piano company is now employing the largest working force in its history. There are over 200 names on the factory's pay rolls and the men there are employed thirteen hours per day. The order books are well filled, having received additions from abroad lately.

Charles Wright, of the Pittsburg roundhouse, is sick and off duty.

Machinist Walter Adams, of the Bass works, is off duty on account of sickness.

O. H. B. Freeby, of the Wabash, today moved from 79 West DeWald to 395 South Calhoun street.

F. C. Meyers, assistant foreman of the Pittsburg machine shop, has recovered from his recent illness.

Martin Brown, assistant foreman of the Bass boiler shop, who was sick yesterday, was able to resume work this morning.

Patrick Cox, the plumber, and his wife and daughter are in Grand Rapids today, attending the funeral of Mr. Cox's cousin.

Master Mechanic Fitzpatrick and his clerks and stenographers are now occupying their new office, on the ground floor of the machine shop.

Louis Deck, the man who had an eye injured in the Pittsburg round house a week or ten days ago, was able to resume work this morning.

After a week's absence on account of the illness of his wife, Fireman A. Evans reported for duty on the Nickel Plate yesterday. The lady is better.

John Fisher, the machinist, celebrated his birthday today by working as usual in the Pittsburg roundhouse. He is one of the veterans in that establishment.

J. H. Cody, who was injured a month ago and later had the pleurisy, has so far recovered as to be able to return to his work in the Pittsburg planing mills this morning.

M. Shenleine, upholsterer in the Pittsburg shops, is off duty on account of private business. Fred Lenz, the springmaker, and V. Schoyer, of the planing mills, are sick and off duty.

Among the recent acquisitions to the working force in the Pittsburg machine shops are L. J. McCulloch, W. F. Howe and Harry McCullum, machinists, and Fred Hitzeman, a shop hand.

Machinist John Welden, of the Pittsburg roundhouse, suffered a painful injury to one of his knees last night and will be unable to work for a few days. He fell over a block while passing between the stalls.

The annual meeting of the heads of the sales department of the General Electric company is in progress in Schenectady, N. Y., this week. F. S. Hunting, who occupies that position with the Fort Wayne Electric company, has gone east to attend the meeting.

W. C. Kerr, Nickel Plate dispatcher, who has been ill with typhoid fever for two months, was out of the house yesterday for a few minutes for the first time since the beginning of the attack. He will soon be strong enough to come down town.

The engine which will drive the machinery in the Utility Paper company's mills at Mt. Carmel, Ill., is today being loaded on the cars at the Bass works for shipment to that town. The engine is of the Bass improved Corliss pattern, now so popular the country over.

Ed McDonald, assistant road foreman of engines of the Fort Wayne road, is lying ill at his home. For the past ten days he has been on the Hocking Valley road, getting pointers on engine construction, and was compelled to come home yesterday on account of sickness.

B. H. Laumann, car builder; B. M. Spare, car repairer, and A. P. Burchard, machine operator, of the Pittsburg shops, are sick and off duty.

Conductors J. M. Wells and J. A. House and Brakemen B. Kremer and J. C. Miller have returned to their duties on the Nickel Plate after a few days' absence.

Theodore Titus, the well-known Pittsburg engineer, is not making much progress towards complete recovery and is still unable to work. On August 28 Mr. Titus was overcome by heat while in his cab and has been in poor health ever since.

H. H. Moses, a machinist who came here a short time ago to work in the Wabash shops, resigned that position at noon today. He received word from his former employer in Auburn that he could have steady employment in that city if he would return there, and he has gone. Mr. Moses' family resides in Auburn.

Capt. H. M. Deihl is preparing to embark upon an "educational" tour with the Pennsylvania air-brake car. He is in Denver, Col., investigating air-brake methods on the lines there and will return here in two weeks. By that time the instruction car, which is in the shops undergoing repairs, will be ready for business.

Purchasing Agent Frank Brown, of the Pittsburg, who had been hunting with Vice President Joseph Woods in the southern part of the state, has returned home. He says the hunting party had good sport and found game quite plentiful. Mr. Brown is now looking for his old hunting dog, which disappeared from his home last Sunday. Mr. Brown thinks that the dog is forcibly held by somebody, else he would return to his home.

A fearful slaughter of quail is today in progress in the vicinity of Lowell, Ind., and it will be a faultless hunt for those who go in search of game thereabouts after today. The hunters are Frank Dobler, caller for Pittsburg engine crews, and W. A. Locs, a fireman on that road. They went to Lowell this morning on 37, accompanied by a couple of trained dogs, guns and 300 rounds of ammunition each. No. 38 this evening will have a special baggage car to bring home their game.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

Christmas Joy for a Thousand Homes.

Here's a right royal welcome for Kris Kringle—the King of Hearts. A shower of rich remembrances gathered from the best markets of the world. We will leave it to you—was there ever such a Yule-tide show as this—ever such a treasure stocked store in Fort Wayne? We've done our best for you, and this week's whirlwind of unprecedented value-giving will stamp this as the greatest of all Christmas Happenings.

For Christmas Buy That Boy

A suit or a top coat. Either will please him; either will make a far more sensible present than some knicknack. It will cost no more to buy him GOOD clothing than the ordinary kind—if you know where to find it.

Little Boys' Clothing

It could not be better than the kind we sell if you paid double our price. There couldn't be better goods, or styles, or making. It costs very little here to dress the boy properly. Think of these offers before wasting your Christmas money.

Boys' nobby 2-piece Suits—all sizes—strictly all wool, $1.50, $2 and $2.50.

Vestee and Sailor Suits—new lines, right from the work rooms—most striking values, $2, $3 and $4.

Little Boys' Top Coats.

We never before made such prices on these garments nor never knew quite such good values. Pay your own price, $3 to $7. Single breasted, fly front, short or medium length, any color desired. Same way in Reefers—every good kind. Double breasted, velvet or sailor collar. 3 to 9 years, $1.50 to $5.00.

Don't think of buying any Christmas gifts for man or boy without first coming here. We can do lots of good and we always save you a little money when you trade here. Our store is full of plums for your Christmas pie. Come and see.

About Your Winter Suit.

It takes courage for a man who has always patronized the exclusive tailor to purchase a ready to wear suit. With many it is a case of pride, with many others it is due to their ignorance of the wonderful advancement manufacturers have made within the past few years. We are especially anxious to have those who have heretofore worn custom made garments see the suits we are selling at the prices mentioned below. All the qualities that you pay the tailor for are here. We don't ask you to leave your tailor solely for the sake of saving money; we don't want you to wear any less stylish clothes than you have been wearing; our proposition is to give you the same at about half his price. A guarantee of satisfaction goes with every sale. Of course as prices advance, the added dollars bring added fineness in fabrics, trimmings and hand work. Our prices start at

$5 Strictly all wool, absolutely free of filling or shoddy, good weight, well tailored, in large variety of patterns.

$7 Fancy and plain Cassimeres, in finished Serges, Clays and other equally popular weaves.

$9 Worsteds, Cassimeres, Clays, Scotch Tweeds, Serges, Wales, Vicunas, etc.

$10 Fine Cassimeres in smooth effects, Clay Worsteds, Serges, in great variety, finished and unfinished, narrow and broad Wales.

$12 Fancy English Worsteds, Scotch Tweeds, Black Clays, unfinished Worsteds, etc.

$15 Made of English and other foreign goods, Thibets, unfinished Worsteds of the very finest weaves.

It would please us exceddingly to have you favor us with a call before buying your Winter Suit.

The Weather Man

Says rain and snow, much colder and freezing—just a melee of all sorts of weather. But never mind, we've been expecting just such conditions and have made ample provision for your comfort and appearance. There are

Overcoats.

That'll knock out old winter, but spare your pocketbook. That is one great feature about this store. Your pocketbook's always safe from fakes. You're sure of best goods, new goods, dependable, satisfactory clothing, and the more you investigate and compare the more our money-saving prices stand out in your favor. Men's Overcoats, strictly all wool.

$5.00, $7.00, $9.50, $12.50.

Now, where's the man that can't be satisfied here? This is a safe store to tie to.

A Dress Suit Made at Mautner's

Contains every feature of excellence ever put into an evening suit, and yet it costs you considerably less than you are usually asked to pay.

The difference is not in the workmanship or material, but in the tailor's idea of profit.

We call the attention of the ladies to our superb line of fancy vestings. They are certainly a very acceptable Christmas gift.

If You Need a Stove

It is certainly an appropriate thing to put a Christmas card on. It doesn't make any difference whether you buy it for your wife, or vice versa. It's a common-sense proposition from all points of view. We have heating stoves of all kinds, come to take off the chill before starting the larger fire, and sure to heat the room the furnace doesn't [illegible] reach in zero days.
